## ANTIOXIDANT ORAC VALUE

## TOTAL FIBER

## VITAMIN C

## POTASSIUM

## MAGNESIUM

## CALCIUM

**AVERAGES BASED ON A 12G SERVING.**

All Nutritional facts from USDA, Baobab Foods and other reputable sources. More information available upon request. ORAC – stands for Oxygen Radical Absorbance Capacity – a measure of the ability of a substance to absorb free radicals(which you want to control) in your body. Used in determining the antioxidant effects of foods on the human body.
